

Booster International Corp
Network Marketing Income Statement
For the Year Ending December 31, 2024

Statement Overview

This income statement is prepared in compliance with Federal Trade Commission (FTC) regulations and applicable laws to provide full transparency regarding the financial performance of Booster International Corp’s network marketing operations.

1. Company Status

Booster International Corp is currently in its pre-operational phase, focusing on product development, platform enhancements, and regulatory compliance preparations. The operations related to network marketing activities have not commenced as of December 31, 2024.

2. Income Statement Summary

Category	Amount (USD)
Revenue	\$0.00
Gross Profit	\$0.00
Operating Expenses	\$0.00
Net Income	\$0.00

3. Earnings Disclaimer

Booster International Corp has not generated any revenue from network marketing activities during the fiscal year 2024 because business operations have not yet commenced. Any references to income potential are projections based on planned activities and are not guaranteed.

Participants should understand that income opportunities are dependent upon individual effort, sales performance, and market conditions once operations begin. Past performance or statements from other members do not guarantee future income or financial results.

4. Compliance Notice

This income statement complies with **FTC guidelines**, including transparency and accuracy in income disclosures. Prospective members are encouraged to review all provided documentation and consult financial advisors before making contributions or commitments.

5. Certification

The information presented in this income statement is accurate to the best of our knowledge and prepared in accordance with applicable legal standards.
